BATTLE LAKE, MINNESOTA  
OTTER TAIL COUNTY

Dear Friend:

On account of high cost of paper, we do not issue our new catalog this season, using our little old book, as you can see. This way we can save you money in buying NURSERY STOCK, as the price in catalogs will be added to the selling price of Nursery Stock. You are buying more or less of TREES, FRUITS, SHRUBS, VINES AND FLOWERS each year. Now, we only ask you to look over our Catalog and Price List. If we can save you money on your order (quality considered) do not delay sending in your order; the sooner you get it in, the better. (See first page of Catalog for our terms.) If you find that you can not send us your order this year, write us anyway, and let us know if you are satisfied with our treatment or not; if you have a cheer, send it in; if you have a complaint, be sure to let us know. We are here to make everything right as far as we possibly can.

Please note the following items, that the prices quoted in Catalog are incorrect. Prices and terms are as follows:

Page 1—We do not prepay orders, unless they amount to \$10.00 or over; packing free. We prepay orders only inside the State line, at this amount.

Page 2—Apples and Crabapples, 3 to 4 ft., are 20c each, \$15.00 per 100; 4 to 5 ft., should read \$25.00 per 100.

Page 4—The 3 to 4 ft. light trees we are sold out of; we cannot supply this size.

Page 5—Hungarian Grapes, 30c each.

Page 6—Raspberries and Blackberries, priced \$1.75 per 25, are \$5 per 100.

Pages 8 and 9—For Dahlias and Gladiolus see our new list for new low prices.

Page 10—Seedlings, 8 to 12 in., are \$1.00 per 100, \$7.00 per 1,000; 12 to 14 in. are \$17.00 per 1,000. The 8 to 12 in., price \$7.00 per 1,000, do not include the Willows and Poplars. We sell the cuttings at \$3.50 per 1,000 this year. For Willows and Poplars they are cut 9 inches long.

Page 10—Kentucky Coffee Trees are double the price of Mountain Ash. We have a large supply of Box Elder and Ash in nearly all sizes. Give us your want list on these. Also several hundred Native Plum Seedlings; some of these have already been bearing fruit in the nursery row. Prices and sizes: 4 to 5 ft., \$20.00 per 100; 5 to 6 ft., \$3.00 for 12, \$25.00 for 100. This is a bargain, and valuable for wind break, as well as fruit.

## SPECIAL LIST of Hardy Perennial Plants, Etc.

Those priced at 15c each will be 75c for 6, \$1.50 for 12, or \$11.00 for 100

Those priced at 20c each will be \$1.00 for 6, \$2.00 for 12, or \$16.00 for 100
